Council Memorandum No. 13

The Honorable Mayor
and
Members of the City Council

Subject: 66th Street Intersections
(Worksession Agenda Item No. 1)

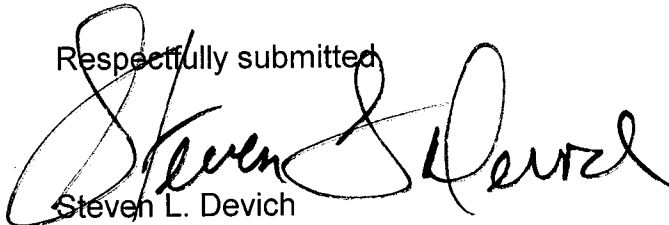

Council Members:

The City Council will be considering the future of the 66th Street intersections with Nicollet, Lyndale, and I-35W Ramps at the February 24, 2015 Council meeting. Over the past weeks staff has shared the Transportation Commission's recommendation to control these intersections using roundabouts (rather than signals) with multiple stakeholders, including City commissions and impacted property owners (see attached).

At the February 17 Special City Council Worksession, staff will go over the engagement process and share with the Council the feedback received regarding the recommendation for roundabouts, as well as follow up on the outstanding questions that were raised at the January 13, 2015 Council Worksession.

Please contact Mike Eastling, Public Works Director, at 612-861-9792 with questions.

Respectfully submitted

Steven L. Devich
